## Graduate Student Training Program (GSTP)

**What:** The FRIENDS GSTP provides graduate students an opportunity to receive hands-on experience working with children who stutter and their families alongside experienced stuttering specialists. \*Graduate students are encouraged to spend all three days with us but must commit to at least one full day.

Our convention's discounted room rates are very reasonable but graduate students are encouraged to share hotel rooms to reduce costs. Hotel and travel information can be found on our website.
